Manover

The Manover, with development by over 200 hours, is the most
 advanced bicycle in the world. It combines the best features of mountain
 bikes and road bikes. It's light, it's strong, it's fast, it's fun.
 It's the only bicycle that can handle all the terrain you can throw at it.
 It's the only bicycle that can handle all the terrain you can throw at it.
 It's the only bicycle that can handle all the terrain you can throw at it.
